

Board of Certified Safety Professionals

CODE OF PROFESSIONAL CONDUCT

PURPOSE

This Code sets forth the principles and standards of professional conduct to be observed by holders of documents of certification conferred by The Board of Certified Safety Professionals.

PRINCIPLES

Certificants shall, in their professional activities, sustain and advance the integrity, honor and prestige of the Safety Profession by:

1. Using their knowledge and skill for the enhancement of the safety and health of people and the protection of property and the environment.
2. Being honest and impartial, and serving the public, employees, employers and clients with fidelity.
3. Striving to increase their own competence and the prestige of the safety profession;
4. Avoiding circumstances where compromise of professional conduct or conflict of interest may arise.

STANDARDS

Certificants shall;

1. Hold paramount the safety and health of people and the protection of property and the environment in performance of professional duties and exercise their obligation to advise employers, clients or appropriate authorities of danger to people, property or the environment.
2. Perform professional services and assignments only in areas of their competence.
3. Issue public statements only in an objective and truthful manner.
4. Act in professional matters for employers or clients as faithful agents or trustees.
5. Build their professional reputation on merit of service.
6. Strive for continuous self-development while participating in their chosen professional safety discipline.
