

## April 15-19, 2019 Application

### PROGRAM STATEMENT

Eric Rosemann and Associates, LLC acquired the rights to continue this training program established by Frank Perry and Associates, Inc. on January 1, 2015. Although Frank Perry and Associates, Inc. is no longer associated with the content and delivery of this unique and world-renowned program, the training standards set by Frank Perry is now ERA's mission is to maintain the integrity, quality and intent to save lives by producing the best trainers in the world for this critical safety subject. The registered trademark of "Hydrogen Sulfide (H<sub>2</sub>S) Master Trainer<sup>®</sup>" (MTC) was transferred to Eric Rosemann and Associates, LLC in 2016.

### TRAINING VENUE SELECTION:

This session has been designed to make the training environment and experience a memorable one as well as in response to our student's input at the end of previous sessions. Consideration was made to make access to the training venue easy by either land or air. Of equal import, availability and variety of meals, both on and off-site were a requisite. As you will learn in our Adult Learning section of the MTC, the actual training room is critical to the learning environment and access to internet is also noted in the feedback we have seen.

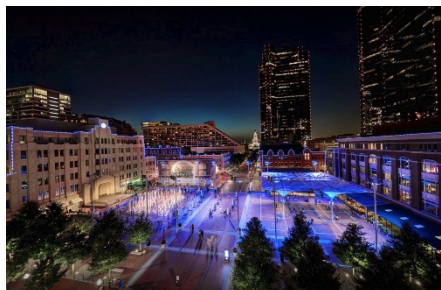

### THE HOTEL and TRAINING VENUE

The location of the training and hotel will be the Holiday Inn located at 1111 W. Lancaster Avenue, Fort Worth, Texas 76102 United States. Reservations are made only

through the Front Desk at 1-817-698-9595 Fort Worth, TX. A block of rooms has been secured at a substantial discounted rate under Eric Rosemann and Associates Account so ask the front desk for that discount when making your reservations. Shuttles will be available from the DFW airport to the hotel averaging \$50.00 per one-way trip. Average cost for hotel stays in these areas should be budgeted for about \$210.00 USD including taxes.

## **MTC APPLICATION INSTRUCTIONS:**

Applicants must forward a scanned copy this application and of their most current (within 3 years of completion approximately) certificate of completion of an Instructor Development Course (IDC) by Frank Perry and Associates, Inc., a graduate of the Hydrogen Sulfide (H<sub>2</sub>S) Master Trainer® Program or approved (by ERA-LLC) Instructor Development Course or Train-the-Trainer Program from other institutions as proof of the prerequisite component of this Program to Eric Rosemann at [eric@era-llc.com](mailto:eric@era-llc.com) . In the absence of such documentation, the applicant must attend a full 2.5 day IDC Program prior to the MTC. Contact Eric Rosemann at [eric@era-llc.com](mailto:eric@era-llc.com) to discuss these options.

## **MTCR REGISTRATION FEES:**

If you are interested in the traditional 4.5-day recertification program (MTCR), the Early Registration the fee is: \$2295.00 in US Dollars if paid by April 1, 2019 and \$2595.00 after that date. Once the funds have been transferred and deposits verified, the Applicant will receive electronic confirmation and additional information packet sent along with a paid invoice for your accounting.

## **eMTCR APPLICATION INSTRUCTIONS:**

ERA-LLC now offers an electronic recertification program (eMTCR). This is for those that do not wish to utilize the full MTCR program which we recommend for the level of detail and synergies of networking with like-minded HSE Professionals. Please download the information from our website: <http://www.era-llc.com> or contact ERA-LLC by email ([eric@era-llc.com](mailto:eric@era-llc.com)) for an application.

## **Out of Country (US) Students**

I cannot overemphasize the importance of early registration and acceptance into the Program if you do not have a US Entry Visa. The time to obtain such a visa is several months. ERA will provide an acceptance letter to assist in your application for a Visa, but start as early as possible!
